Unit 3 · Session 3 · SLO 2 — Solved Worksheet

Name: DEEP SAND DEEP SAND | **Reg. No:** RA2511026010557

Unit â€“ 3 : Session â€“ 3 : SLO â€“ 2 | Stack Applications â€” Match the Following

I. Answers

A. Expression Evaluation â€” 8. Converts infix to postfix or prefix

B. Reverse Characters â€” 3. Characters are popped in reverse order

C. Syntax Parsing â€” 9. Helps in checking for balanced symbols

D. Backtracking â€” 6. Used in solving mazes or puzzles

- E. Undo Mechanism â€” 7. Maintains previous states of actions
- F. Function Call Management â€” 4. Uses call stack to manage recursion
- G. Parenthesis Checking â€” 5. Verifies matching of open/close brackets
- H. Browser History â€” 1. Navigates forward and backward
- I. Reversing a String â€” 10. Uses stack
- J. Tower of Hanoi â€” 2. Uses recursion implemented via stack
